COME AND MEET HIM!

Daniel Godfrey is the author of the well received *New Pompeii* (shortlisted for Best Newcomer by the British Fantasy Awards 2017) and its sequel *Empire of Time*. His near-future crime novel *The Synapse Sequence* was included in The Guardian's June 2018 round-up of best recent science fiction.

He has also self-published a children's e-book *Johnny Max and the Panther's Skull* as well as authoring several published short stories.
